MEMORANDUM FOR:

[Redacted]  
[Redacted]

25X1A6A

25X1A5A1 Larry Houston talked to General Counsel Maxwell Elliott of GSA about [Redacted] contract. Elliott's understanding is that there is no problem about police entry on Federal property involved. It is stated that the contract had been held up because of a question of the limited liability provision in all [Redacted] contracts. Elliott issued a memorandum to all regional counsels on July 19 approving the [Redacted] limited liability clause for all contracts. This memorandum should be sufficient for execution of the contract for your new officers. If not, please let us know what further action is needed here.
